

Achieve Your Goals/Develop Great Habits!

Your goal is to consistently practice great habits. Check off each day you accomplish your goal. If you miss a day start over. When you've successfully completed 21 days in a row, you've reach your goal! To help keep track by day, the spaces above each column are for the days of the week (SuMTuWThFSa). For example, if you start a new goal on Tuesday, put a "Tu" above #1.
